

Buchheit's raises funds for oncology infusion clinic

During the month of October, Buchheit stores will "pink-it-up" to support the fight against cancer.

The Buchheit family has witnessed many of its members "fight the beast", a phrase used by Buchheit, Inc. CEO, Tim Buchheit. Some of their stories can be found at www.buchheitonline.com/pink.

Buchheit has chosen to donate all proceeds raised at the Buchheit of Perryville to the Oncology Infusion Clinic through Perry County Memorial Hospital in Perryville, MO.

The Oncology Infusion Clinic uses donations to cover medications, special needs, and cancer support for all of the patients in Perryville that currently have cancer.

Customers can help raise funds at Buchheit of Perryville by participating in several ways.

Pink shirts will be available for purchase by the public and a \$5 donation will go to the local fight against cancer. \$1 and \$5 Donation Cards will be sold and displayed throughout the store.

Finally, a Carhartt bag can be purchased for \$5. All of these funds will be donated to the Oncology Infusion Clinic in Perryville, MO.
